

UNCENSORED

THE WINERY, UNLEASHED

Since 1880, Geysler Peak has been making unforgettable wines from California. That said, even a winery steeped in tradition likes to push the limits.

THE WINE, UNCORKED

Experience wine Uncensored. Our red blend complements your untamed side. This is an opportunity to unwind, nurture the underfed wild child inside, and defy expectations for a little while.

WINEMAKING, UNRESTRAINED

Uncensored was born from the desire to create a red blend, uniting the best qualities of several varietal "personalities." Our winemaker undertook the challenge to create a wine that pushes the limits with its distinct individuality. With a base of Merlot, Uncensored is open and generous with its opinions. Syrah ensures the wine is down to earth and real, offering additional substance. Malbec adds character while Petite Sirah provides an unbending backbone. Cabernet Sauvignon brings a touch of refinement, Tannat offers unguarded rusticity, Petit Verdot supplies monolithic structure, and Zinfandel unifies the composition with its unmistakable sweet spice elements.

THE TASTE, UNWRAPPED

Unlock the tantalizing flavors of ripe raspberry, tart pomegranate, succulent blackberry, dark chocolate, roasted bacon, and a whiff of toasted marshmallows doused in vanilla bean. This wine style is unrelenting and sure to please.

PAIRINGS, UNFATHOMABLE

There are so many options to go with this crowd-pleaser, we hesitate to constrict you. Try something unconventional or stick with a few favorites.

Pepperoni or chorizo pizza smothered in tomato sauce and mozzarella is undeniably delicious.

Grilled T-bone steak served with sautéed mushrooms is understated but elegant.

Spicy foods, such as Arriabata sauce with pasta, barbecue meat rubs or sauces with a kick, or that perfect balance of freshly ground pepper on whatever you're serving, make this wine unbelievable.

Unbeatable appetizers that can be easily prepared include assorted olives, baked kale chips, hummus, marinated artichokes and peppers.
